

Open the list of forecasts

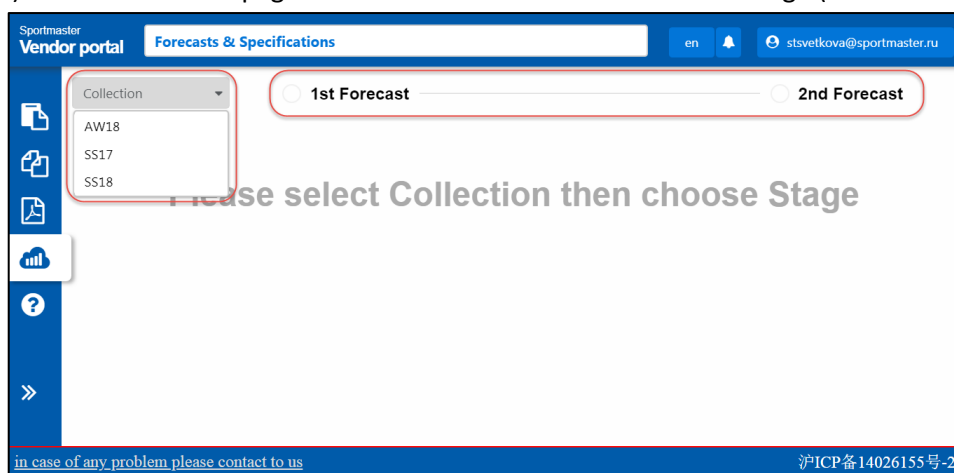

- 1) Enter Vendor Portal
- 2) Click button to view left panel:

- 3) Select “Forecasts and Specifications” bookmark and click the button to minimize the left panel and see whole main screen:

- 4) On the Forecast page select collection and one of Forecast stage (1st or 2nd):

- 5) If steps 1-4 are done correctly, but there is no list of forecasts, it means, that for selected collection and stage there are no forecasts uploaded on VP system. For more detailed information you can contact VP Support team (use the link in the bottom of the screen):
